Watch the reasoning

- 01 Put events in chronological order; add a reason each event matters.
- 02 A gap between our selected events does not prove that nothing happened.

Point to the detail that supports the answer.

Make a decision

What does a gap between our selected dates prove?

- 01 A. Nothing changed.
- 02 B. Our selection contains no event there.
- 03 C. Everyone agreed.

Choose first. Give a reason before checking.

Check the deciding clue

B A selected timeline is incomplete; gaps are not evidence of no change.

Keep your first choice. If you change it, say what changed your mind.
